## **How do I share a post I see on my News Feed?**

To share a post you see on your News Feed:

1. Click **Share** below a post.
2. Select **Share...** in the dropdown menu.
3. To choose where you want to share, click **Share on your own timeline** at the top of the popup menu, and select one of the following options:
  - Share on your own timeline
  - Share on a friend's timeline
  - Share in a group
  - Share in an event
  - Share on your Page you manage
  - Share in a private message
4. If you are sharing on your own timeline and want to choose who can see your post, click  and select one of the audience options.
5. If you'd like, write a message.
6. Click **Post**.

*Keep in mind that you can't share posts to people who weren't part of the original audience (example: a post shared with "Friends" can't be shared with "Public").<sup>1</sup>*
